Bebop and Tempo is a challenging retro arcade platforming game with a focus on speed and player skill. Inspired by the many great games of the 8 and 16-bit era, Bebop and Tempo has the music, art, and difficulty to match.

Play through a variety of levels and environments by switching between Bebop and Tempo. Each character has their own unique abilities. Bebop has the ability to dash and dodge. While in comparison, Tempo runs faster, jumps higher, and can stomp.

Switch between each character on the go with a push of a button to beat each level as you see fit. Be careful! One hit and you are out. Bebop and Tempo's difficulty matches your play style. Take the easy route and carefully plan your next step to complete each level. On the other hand, master the mechanics of Bebop and Tempo to switch, dodge, and attack within a blink of an eye to earn the highest score.
